Requirements: Who Can Apply?

Before starting the application procedure, applicants need to fulfill particular legal and residency requirements set by Polish authorities.

- **Age Requirements:** The minimum age depends on the license category (e.g., 18 for Category B, 24 for Category A).
- **Residency Status:** Foreign nationals must reside in Poland for at least **185 days** per year and hold a valid house card (*karta pobytu*), long-lasting EU home license, or a legitimate student visa/status.
- **Medical Clearance:** Every candidate should pass a medical checkup confirming their physical and psychological physical fitness to drive.

Action 1: Obtain a PKK Number (Profil Kandydata na Kierowcę)

The outright primary step in Poland is securing a **PKK (Driver Candidate Profile)**. This is a distinct electronic recognition number created by the local government workplace, which tracks every stage of the applicant's training and examination procedure.

Required Documents for the PKK:

1. **Application Form:** Completed and signed (readily available at the office or online).
2. **Medical Certificate:** Issued by a licensed occupational medication doctor validating no contraindications to driving.
3. **Photo:** One current, clear photograph (35 x 45 mm).
4. **Identity Document:** A legitimate passport or Polish ID card, along with a house permit/visa for non-EU citizens.
5. **Proof of Legal Residence:** Registration of home (*Zameldowanie*), lease agreement, or trainee certificate proving the 185-day rule.

Where to go? Submit these documents to your regional district office (*Urząd Dzielnicy* in Warsaw) or city/county workplace (*Urząd Miasta/ Starostwo Powiatowe*) representing your place of home. Once processed, you will be handed your PKK number.

Action 2: Enroll in a Driving School (*Ośrodek Szkolenia Kierowców* - OSK)

With the PKK number in hand, applicants can choose a certified driving school to complete the compulsory theoretical and practical training.

- **Theoretical Course:** Usually includes around 30 hours of class instruction (traffic rules, first aid, vehicle mechanics). Many schools now use English-friendly courses or enable online self-study, though passing the state theory examination is still mandatory.
- **Practical Course:** Typically consists of 30 hours behind the wheel with a licensed instructor. This covers maneuvering on a closed course (plac) and driving in real city traffic conditions.

Step 3: Pass the State Exams

Upon completing the OSK course, applicants should take 2 official state examinations administered by the Regional Road Traffic Center (**WORD** - *Wojewódzki Ośrodek Ruchu Drogowego*).

Examination Type Format Passing Criteria Language Options **Theory Exam** Computer-based multiple-choice test (32 questions). Minimum 68 out of 74 points. Polish, English, German, Russian. **Practical Exam** Pre-check of lorry, maneuvers on a closed track, and city driving. Effective execution of all maneuvers without vital safety errors.
