Thanks to an integrated Top Slot mechanism and four action-packed bonus games, players have the opportunity to win incredible multipliers-- often reaching up to 25,000 x their stake.

The Breakdown of Wheel Segments

The 52 sections on the main Crazy Time wheel are divided into numbers and bonus offer video games. Understanding the frequency of these sectors is vital for any gamer aiming to plan.

The Top Slot: Amplifying Every Spin

Before the primary wheel is spun, a smaller two-reel slot maker (called the Top Slot) spins at the same time above the speaker.

- **Reel 1** displays among the wheel sections (a number or a bonus offer video game).
- **Reel 2** screens a multiplier worth (ranging from 2x up to 50x).

If the symbol on Reel 1 matches the result of the primary wheel spin, the multiplier is used to that bet or benefit round, immediately elevating the stakes and prospective earnings.

Inspired by the standard Japanese arcade video game, this bonus round includes an enormous Pachinko wall filled with physical pegs. The presenter drops a puck from the top, and it bounces down arbitrarily up until it lands in one of the landing zones at the bottom, each containing a multiplier. If the puck lands on a "DOUBLE," all multipliers on the board double, and the puck is dropped once again.
