What is Big Bass Crash?

Big Bass Crash is an online casino game established by Pragmatic Play. Unlike traditional slots that count on spinning reels and paylines, Big Bass Crash belongs to the "burst" or "crash" video game classification.

In this video game, players position a wager before a round begins. When the round begins, a fisherman sets sail in his boat, and a multiplier begins to tick upward from 1.00 x. The goal is simple yet nerve-wracking: money out your jackpots before the boat crashes (in this case, before the net breaks or the fish gets away). If you squander in time, you win your stake increased by the current worth. If you hold on too long and the crash occurs, your bet is lost.
