What is Crazy Time?

At its core, Crazy Time is a live dealership game reveal hosted by a passionate, real-life presenter from a modern, vibrantly colored studio. The centerpiece of the game is a huge, vertically installed mechanical wheel containing 54 sectors. Players place bets on which sector the wheel will stop on after a spin.

What sets Crazy Time apart from a conventional carnival wheel is the addition of the **Top Slot**-- a two-reel mini slot maker placed above the primary wheel. With every spin of the primary wheel, the Top Slot also spins, creating a multiplier for one of the betting segments. If that section hits and the multiplier applies, the payments can escalate.

- **Frequency:** 2 sectors on the wheel.

- **Result:** The puck bounces down through the pegs till it lands in one of several multiplier zones at the bottom. If the puck lands in a "DOUBLE" slot, all multipliers at the bottom double, and the puck is dropped once again for possibly enormous payouts.

4. Crazy Time
