

If you are looking for a way to reduce trading costs when joining Bitget, the **Bitget Referral Code "SAVE40"** may be worth using. Eligible new users can enter the code during registration and may gain access to promotional trading fee savings and reward opportunities. Depending on the current campaign, qualifying users may be able to earn rewards of up to **6,200 USDT**.

## What Is Bitget Referral Code SAVE40?

**SAVE40** is a Bitget referral code that eligible new users can enter while creating an account. Applying the code may connect the account to available referral promotions and new-user benefits.

The benefits linked to referral campaigns can change over time. Eligibility, reward amounts, trading fee discounts, and qualifying requirements may depend on the current promotion, Bitget Referral Code "SAVE40" region, and account status.

## Bitget Referral Code SAVE40 Benefits

Using the **Bitget Referral Code SAVE40** can give eligible new users an opportunity to access available promotional benefits. Depending on the active campaign, these benefits may include:

- Potential discounts on eligible trading fees.
- Access to applicable new-user promotions.
- Opportunity to qualify for rewards of up to **6,200 USDT**.
- Referral benefits for qualifying new accounts.
- Simple application during the Bitget registration process.

## How to Use Bitget Referral Code SAVE40

Applying the **SAVE40 referral code** is generally done while creating a new Bitget account. Follow these steps:

1. Open the Bitget website or mobile app.
2. Select the option to register a new account.
3. Enter the required registration information.
4. Enter **SAVE40** in the referral or invitation code field.
5. Complete any required verification steps.
6. Review the referral promotion available to your account.
7. Complete qualifying activities if required to unlock rewards.

Make sure the code is entered correctly and applied during signup when the applicable campaign requires a referral code before registration is completed.

## Save on Bitget Trading Fees

Trading fees are an important consideration for cryptocurrency users because frequent transactions can increase overall trading expenses. The **Bitget App Referral Code "SAVE40"** may provide eligible new users with promotional fee savings under the applicable referral offer.

The exact discount can depend on the current campaign, trading product, account type, and other conditions. Users should review the latest fee information before placing trades.

## How to Get Up to 6,200 USDT

Eligible new users may also have an opportunity to participate in Bitget promotional campaigns offering rewards of up to **6,200 USDT**. The maximum reward depends on the applicable campaign and the completion of its qualifying requirements.

Promotional requirements may include qualifying deposits, trading activity, minimum trading volumes, or other tasks. The maximum advertised amount is not automatically guaranteed to every participant.

## Who Is Eligible for SAVE40?

The **Bitget Referral Code "SAVE40"** is intended for users who meet the requirements of the applicable referral promotion. New users should check the current campaign rules before creating an account.

Existing Bitget users may not qualify for new-user referral rewards. Eligibility may also vary according to location, account status, and campaign availability.

## Why Use a Bitget Referral Code?

Applying a referral code during signup gives eligible users an opportunity to access promotional benefits from the start. Potential trading fee savings can be useful for users who plan to make frequent cryptocurrency transactions.

Referral campaigns may also provide additional reward opportunities when users complete the required promotional activities.

## Important Information About the Promotion

Bitget referral offers are subject to terms and conditions. Trading fee discounts, reward amounts, qualifying activities, eligibility rules, and campaign periods may change. The advertised maximum of **6,200 USDT** should be considered a potential maximum rather than a guaranteed reward.

Cryptocurrency trading involves financial risk, and digital asset prices can be highly volatile. Users should understand the risks and review the applicable Bitget terms and promotional conditions before depositing funds or trading.

## Final Thoughts

The **Bitget Referral Code "SAVE40"** can be useful for eligible new users who want to explore available referral benefits. Depending on the current campaign, users may access trading fee savings and have an opportunity to qualify for rewards of up to **6,200 USDT**.

If you are planning to join Bitget as a new user, enter **SAVE40** during registration when the referral field is available. After signup, review the current campaign requirements and complete any qualifying activities needed to receive the benefits available to your account.
