iphonespecialist.co.uk

Free Fusion replaces phone batteries [phone repair](#) for Corby customers experiencing reduced battery life, unexpected shutdowns, or a phone that no longer holds a charge throughout the day. One long time customer specifically praised the team for installing new batteries across both their own and their family's iPhones over several years of continued service. Battery replacement is often one of the most cost effective ways to extend a phone's useful life, avoiding the expense of purchasing an entirely new device.
