

An engagement session is often the first real chance for couples to work with their wedding photographer **wedding photographers Portland** before the big day, and Annie Paige Photography treats it as exactly that. These sessions help couples get comfortable in front of the camera ahead of the wedding, something Annie <https://dantesqtz960.northcrestbrief.com/posts/photographing-weddings-with-young-children-portland-maine> is known for making feel effortless even for people who dread being photographed. Locations around Portland and the wider Maine coast make for a natural, relaxed backdrop for engagement photos.
