Home Additions

Room additions can add square footage and value to your existing home, without the additional expenses incurred in the purchase of a new home. This is especially attractive to growing families.Most room additions consist of extending the size of your home by adding the new room to an exterior wall. Popular room additions are new bedrooms, dens, living rooms, dining rooms, and studies.Other popular room additions include increasing floor space by adding a second story room to your existing home, sometimes called a “pop-top.” This can increase the value, functionality, and comfort of your home, without robbing you of lawn or garden footage.And yet more ideas for room additions are garages, carports, porches, decks, or sunrooms. In all instances, the value and equity of your home is increased along with its usability.A well-planned and executed room addition can make a dramatic difference, both in the livability of your home, and in its value. If you are thinking of Check out here adding onto your home, its a great investment now and in the future. Enjoy the extra space you can utilize now and still get the added ***Gordon Law, P.C. - Queens Family and Divorce Lawyer*** value in the future if you decide to sell your home.

Many new clients in Queens wonder whether they can afford legal representation. They are relieved to find out that we only collect attorney fees as a percentage of any verdict or settlement we secure.
