Some of these free printable sketches (just right click and print) are some of the most artistic creative designs you have dreamed of.Maybe your designer does not have the right plan for you. You know – the one that hits the spot and says, "that's the one! "Some of these sketches may intrigue you. Just go our home page and click on the remodeling idea box. It will the be the box with the light bulb in it.And if your still not satisfied and want to look at real live work, to get some more ideas, our kitchen, State Street Electric installation bath, and living links on our tile/floor/wall section on our directory will be of some help to you.Just remember a 3 things about floors before making a selection.-Laminate floors will not raise the value of your house.Yes it is true, laminate floors, no matter how good they look and how *State Street Electric* expensive the floors cost, will never raise the value of your house.-Carpet, sheet vinyl or soft surface materials will not raise the value of your house. And the same goes for carpet and sheet vinyl. As good as it may seem, carpet and sheet vinyl, or vinyl tile will not raise the value of your house.-Hardwood floors, ceramic, porcelain, slate, travertine, limestone, or saltillo tile are the only flooring materials that will raise the value of your house.Want to install your own hardwood floors but don't know how? How to do a hardwood floor installation with a FREE VIDEO you can watch right now.For all the do it your self type of people like us we have a manual that can teach you what people pay THOUSANDS of dollars to get done. A home improvement skill, learn how to install a hardwood floor absolutely free. Or if you just want to get your loved ones room done, your own. Or you just want some helpful information.One of the most difficult type of wood floor installation is the glue down method. Contractors charge up to $4.50 a square ft. So do the math a 15 ft by 20 ft room is 300 square feet. Multiply that times $4.50 sf. That's $1,350.00 and that's not including the trim and extras. After that's all said and done costs can run up to $1,700.00 or more, just LABOR!!Most contractors can knock that out in a day or two!
